# OBJECT ORIENTED WEB PROGRAMMING USING RUBY

Day 5: 7/May/2015

Table Design

# Today's Topics

---

Table Design – Presentation

for Problem Solving Engine.

Plot the necessary factors, and show the relationship between those factors.

# Design Competition

---

Listen to the other students' presentation,  
lets have a discussion on the design  
presented.

# Merge the design

---

Let us discuss on the design, and fix the table structures, mixing up the better parts of others design.

Next, make the master plan on the WEB system.

Then, generate the tables on our environment.
