Access to github

https://github.com/

The screenshot shows the GitHub homepage in a web browser. The browser's address bar displays "https://github.com". The page features the GitHub logo and a search bar. The main heading reads "Build software better, together." Below this, it states "Powerful collaboration, code review, and code management for open source and private projects. Need private repositories? Upgraded plans start at \$7/mo." On the right side, there is a sign-up form with three input fields: "Pick a username", "Your email", and "Create a password". Below these fields is a green button labeled "Sign up for GitHub". A note below the button states: "By clicking 'Sign up for GitHub', you agree to our [terms of service](#) and [privacy policy](#). We will send you account related emails occasionally."

Create repository

Search the project

The screenshot shows the GitHub Explore page. At the top, there is a search bar with the GitHub logo on the left and the text "ippeisoba" inside, which is highlighted with a red rectangle. To the right of the search bar are links for "Explore", "Gist", "Blog", and "Help". Further right is a user profile for "ikuokobayashi" with a plus sign. Below the search bar, the text "Explore GitHub" is on the left, and navigation links "All", "Showcases", and "Trending" are on the right. The main heading "Explore" is centered, followed by the subtitle "Browse interesting projects, solving all types of interesting problems." Below this, there are three featured project cards. The first card is green and titled "Projects that power GitHub for Windows". The second card is green and titled "Machine learning". The third card is blue and titled "3D model". Below the "3D model" card, there is a snippet of text: "Has your obsession modeling only grow Headroom hit th..." and a small icon with the number "10" and a code icon with the number "3".

The screenshot shows the GitHub interface for the repository 'ippeisoba' by user 'ikuokobayashi'. The top navigation bar includes the GitHub logo, a search bar, and links for 'Explore', 'Gist', 'Blog', and 'Help'. The repository name 'ikuokobayashi / ippeisoba' is displayed, along with 'Unwatch' and 'Star' buttons. The main content area is titled 'Quick setup — if you've done this kind of thing before' and offers two methods to clone the repository: 'Set up in Desktop' and 'HTTPS' (selected). The HTTPS URL is 'https://github.com/ikuokobayashi/ippeisoba.git'. Below this, a recommendation states: 'We recommend every repository include a README, LICENSE, and .gitignore.' The next section, '...or create a new repository on the command line', provides a list of Git commands to initialize and push the repository. A blue callout bubble points to this section with the text: 'Maybe from here, the screen is different. Find out your way to join the project.'

Quick setup — if you've done this kind of thing before

or

We recommend every repository include a [README](#), [LICENSE](#), and [.gitignore](#).

...or create a new repository on the command line

```
echo "# ippeisoba" >> README.md
git init
git add README.md
git commit -m "first commit"
git remote add origin https://github.com/ikuokobayashi/ippeisoba.git
git push -u origin master
```

...or push an existing repository from the command line

Maybe from here, the screen is different. Find out your way to join the project.
